Farmington, New Mexico 87401

Dear Mr. Sells:

We have finally reached a negotiated settlement with the Anaconda Mining Company. We will be publishing a RFP within the next six (6) months for possible Technical Contractor to assist us with the finalization of our Reclamation Project.

It is the intent of the Pueblo to form a Construction Company. This Company will do the majority of the Reclamation work.

However, I suggest you submit some information as to what your Company can offer for our consideration. This is all I can offer you at this point and time.

Should you have any further questions, please contact me at (505) 552-6654/6655. Thank you for your interest.

Sincerely,

PUEBLO OF LAGUNA
